Directors Now Considering the Proposition

MEN'S RIGHT TO ORGANIZE

Is Conceded By Companies if Agreement Meets Approval of Officials and Consent to Discuss Differences With Employees—Policemen Still Ride Cars, 339 Being in Operation

(Associated Press Telegram)
New York, Aug. 7.—The efforts of Mayor Mitchell and of Public Service Commissioner Straus to settle the street railway strike in New York failed today. After a protracted meeting, the directors of the New York Railway company declined at this time to ratify the tentative agreement proposed by the two public officials as a basis for settlement. A committee of New York railway company directors, headed by August Belmont, met today to report to Mayor Mitchell. It was said that the directors desired certain amendments to the agreement before giving it their approval.

New York, Aug. 7.—Settlement of the street railway strike in New York, which has partly tied up the surface lines of the city, hung in the balance this afternoon. Striking employees of the New York railway company today ratified a tentative agreement between them and the company proposed yesterday by Mayor Mitchell and Public Service Commissioner Straus at a meeting still in session this afternoon. Union leaders said the men were ready to go back to work if the agreement provided that the company shall concede the men's right to organize; that the company shall agree to meet and deal with any men whom the employees might select in the event of differences and that the questions of wages and hours of labor shall be placed in the hands of committees representing both sides, for settlement.

President Mahon of the Amalgamated Association of Street and Electric Railway employees announced at the close of the employees meeting that the tentative agreement had been ratified and that the men were ready to go back to work if the agreement was also ratified by the directors of the New York Railway company. The latter at that time were still in session. After the virtual suspension of service last night, official police figures (Continued on Page 2, Col. 3.)

Toledo, Aug. 7.—Metal finishing and costly ornaments were stolen yesterday from four hearse, belonging to as many undertakers, stored in a livery barn. A curious detective investigated the contents of a heavy bag, Charles Taylor of Pittsburgh, was lugging along the streets, and found the hearse trappings. Taylor was arrested accused of grand larceny.

English Troops Make Prisoners of One-fourth of Attacking Army—Tomnies Were Well Informed.

(Associated Press Telegram)
London, Aug. 7.—The number of unwounded Turks captured by the British at the battle at Romani was 3,145, according to an official statement issued by the war office today. The statement says that the Turks were pursued for 18 miles. The pursuit continued beyond Katia, which is 23 miles east of the Suez canal. "The net results of the battle of Romani are the destruction of more than one-fourth of the Turkish effectives and the pushing of the remainder out into the blazing desert beyond the Katia oasis," said Major General F. B. Maurice, the director of military operations of the imperial general staff in explaining to the Associated Press today the significance of the latest operations in the near east. "You will recall," he continued, "that in the previous attack on the canal, we were busily engaged elsewhere. Consequently we were acting on the defensive in Egypt, in position prepared for that purpose behind the canal. Since then we have advanced our position into the desert as fast as physical conditions warranted."

"The Katia oasis possesses a surprising quantity of water but it is brackish and has a disastrous effect on Europeans. The Turks, however, suffer no evil effects from its use. This fact gave the enemy a considerable advantage. However, by advancing slowly we established ourselves firmly in entrenched positions behind Romani and awaited the Turkish advance from Elahish, an advance from which we had constant news from our air service."

VOTE AGAINST ME" IS PLEA OF CANDIDATE.

(Associated Press Telegram)
Toledo, Aug. 7.—"Vote against me," Albert Neukom, a candidate for the Republican nomination for state senator, says in newspaper advertisements today. Neukom, a former business man and a former city director of public service, changed his mind after the ballots were printed, too late to withdraw from the ticket.

LEADING MEN BEFORE PUBLIC IN IMPENDING RAILROAD STRIKE

Left to right, top: Judge W. L. Chambers, Warren S. Stone and Judge Martin A. Knapp. Bottom: G. W. W. Hanger, Harry A. Wheeler, Timothy Shea and United States Senator Newlands.

Prominent men before the country connected with the expected railroad strike are members of the board of mediation and conciliation, Judges Martin A. Knapp and W. L. Chambers, and G. W. W. Hanger. Harry A. Wheeler is the man who warned President Wilson on behalf of the chamber of commerce. The prominent figures on the side of the union men are Warren S. Stone and Timothy Shea, assistant to Mr. Stone. Senator Newlands heads the committee which after considering whether the matter should be referred to the interstate commerce commission, refused to so commit it.

Freight Cars Dumped Into Door-Yards in Pine Street; Thousands Watch Wreck Crew at Work; No One Hurt

A long, drawn out, and reverberating crash, mingled with the cracking of wood and the crunching of steel and iron, brought residents of the west side to their feet at 3:10 o'clock Sunday afternoon when 16 cars of an eastbound Pennsylvania freight train were derailed at the Pine street crossing, overturning and almost completely destroying nine steel hopper gondolas filled with limestone and five box cars filled with the freight of a city block. A freight train had passed the wrecked train at Williams street just one minute before the wreck occurred. Traffic over the B. & O. and Pennsylvania lines between Newark and Columbus was held up from the time of the accident until the debris had been cleared away and the tracks restored at 9 o'clock Sunday night. There were no casualties. Three other cars were derailed further down the track.

A cloud of dust 200 feet high obscured the wreck for 15 minutes. When the dust lifted, it was seen that the train from 100 yards east to the west side of one and one-half blocks west of Pine street was a litter of torn ties, warped rails, shattered box ties, heaps of scattered limestone and parts of trucks from demolished gondolas. A steel gondola had been derailed and rolled down the south side of the track almost beyond recognition, and two other steel cars had come within 20 feet of the house of W. E. Wells on the east side of Pine street on the south side of the track. A broken telegraph pole hung from the wires in the center of the crossing. The train consisted of the engine, tender and six freight cars. The cause of the wreck has not been determined. Twenty-one cars back from the tender, a block and a half west of Pine street, the cars started to leave the track. Sixteen cars left the track at Pine street, and three cars left just below the Raccoon creek bridge, and another at Union street. The train crew were Engineer Flynn and Conductor Hoak.

Crossing Watchman L. H. Robinson was standing at his post, ready to warn traffic that a train was approaching the crossing. When the cars went off the track, he was standing five feet from the north track on which the accident occurred. The tremendous crash deafened him. The shaking of the ground almost threw him off his feet. A great cloud of dust obscured his vision and filled his nostrils. He stood so revolted to the ground. The shock was so great that for three minutes he could not realize what had happened. His first consciousness was that the wreck had left him unscathed. The dust was clearing away, and he could see cars piled on the street crossing and along the opposite side of the track. A steel rail hurled upright had cut two of the trolley wires, and they were dragging on the ground and they were electricity. (Continued on Page 10, Col. 3.)

DROWNING

TAKES FOUR FROM ONE FAMILY AT SUNDAY PICNIC NEAR MT. VERNON.

Women Attempt Rescue—All Are Drowned.

Mt. Vernon, O., Aug. 7.—Mr. and Mrs. Lester Mowery of Dayton, Mrs. Don Craven of Akron and Isaac Parsons of Glenmont were victims of a quadruple drowning in the Kokosing river, near the Rocky Hollow camp grounds here yesterday, as the tragic end to a family picnic. The men gave their lives in vain effort to save the women. From two little daughters of the Mowerys, who stood helplessly on the bank and saw their relatives drown, was learned the story of the tragedy, after physicians had worked hours in the fruitless effort to resuscitate the victims.

Mrs. Mowery and Mrs. Craven, who is an aunt of the children, attempted to wade in the river and were betrayed by a treacherous step off along the bank. They waded over the edge of a hole 18 feet deep and sank. Mr. Mowery and Mr. Parsons, who is Mrs. Mowery's father, plunged into the water to rescue the women. Both men could swim, but when they reached the panic-stricken women they were dragged under by the struggles of the two.

Hardly understanding the scene, which was being enacted to make them orphans, the two little girls stood on the bank and watched the struggle until the four bodies went down for the last time. No one else was within sight or hearing, but the little ones realized something was

wrong and ran to a camp near by and asked some one to come and get "mamma and papa and auntie and grandpa" out of the water.

A physician was summoned and a party worked for two hours before the four bodies were brought to the surface, but they were beyond removal to Danville for preparations for burial.

Two Drowned at Dayton.
Dayton, Aug. 7.—Two men were drowned in the vicinity of Dayton Sunday, while swimming in the river to escape the heat. George Brooks, aged 38, colored, was drowned about 9 o'clock in the Miami River near the dam at West Carrollton. Joseph H. Gray, aged 28, was drowned in Mud River near Harshmanville. Both drownings were due to cramps. Both bodies were recovered.

CHILD DROWNS; PULMONARY BLOW'S UP; MANY HURT.

Canton, O., Aug. 7.—June Schiltz, 9, daughter of Mr. and Mrs. W. D. Schiltz of Akron, was drowned in Congress Lake Sunday afternoon when she lost her water wings while floating in the lake beyond her depth. Mrs. Schiltz, although unable to swim, made three futile attempts to rescue her child and narrowly escaped drowning. While the child was being made to revive the child brought from Akron exploded and fifteen men and women were burned by acid in the tank of the pulmonary. Two women and two men are in Mercy hospital here seriously hurt.

GERMANY

ABOUT TO LOSE HER ONE REMAINING COLONY IN EAST AFRICA.

British, Belgians and Portuguese, Him in Tents Who are Retreating to the Southeast.

(Associated Press Telegram)
London, Aug. 7.—General Botha, premier of the Union of South Africa, has arrived in German East Africa to witness what is believed here to be the last phase of the operations against Germany's one remaining colony.

Meanwhile, with the occupation of Ujiji by the Belgians, and of Sadini and other coast ports by the British the Germans apparently are retreating into the southeastern corner of the colony where the Portuguese, in their east African possession are awaiting them. Rapid progress in the southward drive of the British through German East Africa is reported in an official statement issued today. The Germans have been driven from the line of the Central railway at Kilimanjaro and other points says the report from General Jan Christian Smuts, commanding the British expedition, and are being pursued by the British forces.

General Smuts states that the minor port of Sadini (on the Indian ocean) was occupied by our naval forces on August 5. Slight opposition only was experienced. The naval preparations are in progress at various points along the coast line.

Report Further Advances in Galicia on Road to Lemberg

STRONG POSITIONS ON SERETH ARE TAKEN

French Still Fighting On Verdun Front

HEAVY ARTILLERY ACTION

In Vicinity of Chaumes, In Somme Region is Only Operation On British Front—French Barrier of Fire Checks Teutonic Assault Renewed Against Thiaumont Works

(Associated Press Telegram)
The days events in the various theatres of war are summarized in the following Associated Press report:

General Brusiloff is pressing his offensive against the Teutonic allies in northern Galicia, where the passage of the river Sereth was recently forced by the Russians along a wide front south of Brody. Petrograd today reports further advances for the Russians with the capture of strongly fortified positions along the Sereth and the Grabarka. The forward push of the Russians in this sector is not only bringing them closer to Lemberg on the direct line of advance, but is pointed out by military critics as likely seriously to endanger the entire Austro-Hungarian front along the Stripa, to the south, which is rapidly being outflanked.

Heavy fighting continues on the western front in the Verdun region, according to Paris. However, the Germans have been entirely unsuccessful in their efforts to regain ground lost to the French in recent weeks. An attack on the Thiaumont work is declared to have been checked at the outset by the French fire barrier, while an assault in the Vaux-Chapelle woods was broken up by the artillery and machineguns.

In the field of the allied offensive along the Somme, today's Paris statement reports only artillery activity, which, however, was intense in the region of Chaumes, north of the river.

British reports of the fighting east of the Suez canal in Egypt show a crushing defeat for the Turks, who are said to have lost fully one-fourth of their effectives, which numbered some 14,000 men. The British took more than 3,100 prisoners. They are pursuing the Turks who already have been driven 18 miles into the desert from the scene of the action.

In German East Africa the British have driven the Germans beyond the central railway line, blasting the possession, thus pressing them into comparative narrow area on the other side of which Portuguese forces (Continued on Page 2, Col. 2.)

U-BOAT

Sighted Off Maine Coast May Be Missing Bremen

COAST GUARD STATION SEES HER WESTBOUND

No U. S. Submarines In That Region

BREMEN OFF HER COURSE?

May Have Sought Refuge In Neutral Waters to Conclude Trip In Safety—British Lighthouses Sight Boat and Exchange Signals and U-Boat Disappears Under Water

(Associated Press Telegram)
Machiasport, Me., Aug. 7.—Captain Small of the Cross Island coast guard station reported this morning that his station had sighted a large submarine bound west. Its nationality could not be determined. The submarine came to the surface and after running awash 15 minutes, again submerged. It was thought the vessel might be the German submarine Bremen. So far as can be learned there are no United States submarines on the Maine coast.

Lowell W. Dunn, the lookout on Cross Island later reported that he had sighted a second submarine considerably smaller than the first one. The lookout who sighted the submarine later said that he picked the vessel up in clear weather five miles to the southeast. As the vessel came to the surface the lookout said he heard several blasts from the signal horn at the lighthouse on Seal Island, a British possession.

It is believed that the keeper of the lighthouse was signalling to the keeper at Grand Manan Light, also British owned, that a submarine had been sighted.

Immediately after the whistle sounded the submarine submerged. A few moments later a haze set in and it was impossible to see more than four miles from Cross Island. Cross Island lies close to the Maine coast. If the vessel was the Bremen she was either off her course or had chosen to come in close to the enemy's country in order to arrive sooner within the three mile limit. The indicated course would bring her within the three mile limit soon after she was sighted, and from then on she would have plenty of water to permit her to keep within the neutral zone.

NOT A U. S. U-BOAT.

(Associated Press Telegram)
Washington, Aug. 7.—Navy officers said today no American submarines were known to be anywhere in the vicinity of Cross Island. They thought the boat sighted there might be the German merchant submarine Deutschland on her homeward voyage.

Saves Lives of Three Girls Near Black Hand; Farmer Responded Promptly to Cries

O. A. Farmer, foreman at the Everett quarries near Black Hand, O., was instrumental a couple of days ago in saving the life of one young lady and possibly two. Friday afternoon three young ladies appeared at the quarry with bathing suits and started to enjoy a swim. They were strangers and were not aware of the deep holes under the water where stones had been removed.

One of the girls, more daring than the other two, started to wade out into the water when she got beyond her depth and sank out of sight. When she appeared on top of the water she screamed and started to sink again. One of the girls standing on a rock near the shore occurred a long stick or pole and the other girls waded out as far as possible and tried to hand it to the girl struggling in the water. She was unsuccessful in reaching her companion and the two girls in the water might have been drowned had it not been for Mr. Farmer, who hearing the girls scream ran for the spot.

He quickly emptied his pockets and plunged into the water, reaching the struggling girl as she disappeared the last time underneath the surface. He caught her by the hair and swam with her to the bank, towing the other girl in also. A few minutes work with the young lady who came near drowning successfully restored animation and the three girls jumped into a machine which they had nearby and left without

giving their names. They however were very grateful to Mr. Farmer and there is no doubt but for his presence nearby one of them at least might have drowned.

BRITISH GIVE UP HOLIDAYS TO MAKE WAR MUNITIONS

(Associated Press Telegram)
London, Aug. 7.—With the exception of a portion of the coal miners of South Wales and the cotton workers of Lancashire the British working people today loyally accepted the decision of the government that holidays should be postponed until demand for munitions was not so urgent. The South Wales miners unions decided early last week to observe today—"Bank Holiday," one of Great Britain's national holidays, as usual, but later reversed their decision upon representations by the authorities that coal was necessary to the continued working of the munition factories.

CHECKER TOURNAMENT.

Elimination matches were scheduled for today.

Interest in Big Picnic Seems General; Committee Expects Biggest Crowd Ever in Park

Every grange in the county, many of the towns throughout the county and practically every business house and factory in Newark are co-operating with the executive committee, to make next Thursday one big holiday for everyone.

Never in the history of Newark has there been more interest shown than has been manifested to entertain the public at this picnic.

The committee are now completing their work so that a program of the day events will be in the hands of the printer Tuesday and every detail arranged for.

The Newark Chamber of Commerce's big tent which will be located at the entrance of the grounds on entering the grounds, is where you can get any information you desire, free telephone service, program of the day, etc. Give them a call as they wish to be of service to everyone. This will also be headquarters of the executive committee of the picnic.

The country store which will be located in the grandstand will surprise you all in more than one way. The stock is growing larger every day and the values are beyond the committee's expectation. List of the merchandise that will be had at only 10c will be published tomorrow. No one will receive less than 10c worth, some articles are worth 36c.

Several lunch stands will be on the grounds where you can get just what you want to eat and plenty of it and when you feel like eating.

Mr. Moxley of the Park hotel and annex at the entrance of the grounds will serve a spring chicken dinner at noon and in the evening. Everybody likes spring chicken at a picnic and Mr. Moxley has the chickens for them.

Ice cream and ice cream cones of the best quality is what the people will have served them all day long and evening. The manager is preparing for the big crowd, will have plenty of cream, help and accommodating, so all will be promptly served.

Ice cream candy, crackerjack, peanuts, popcorn, assorted line of candies and pop and many other good things will be on the grounds, and will be sold exclusively by Mr. McLaughlin, who is preparing to take care of everyone's wants.

Mrs. Athey who has the exclusive novelty privilege has laid in a large stock of balloons, squakers, whips, etc., that always please the little ones, so show them a good time.

The dance hall is now being put in first class shape for the occasion. Decorations are being put up and the floor waxed, so that you can dance all day and evening to the strain of a full orchestra. Dancing will start at 10 a. m.

The contests will start promptly at 9 o'clock and there will be one or more entertainments going on all the time during the entire day. So come early and prepare to stay late and enjoy yourself.

Men of Newark

A. R. EVANS, ONE OF NEWARK'S MOST PROMINENT YOUNG business men, is county manager of the R. L. Dollings company, \$3,000,000 corporation of Hamilton and Columbus, Ohio, which is engaged in selling high grade municipal bonds and industrial securities. The deal of the company is to "make the industrial dollar safe," and it offers a seven percent, tax free investment to the conservative buyer.

Mr. Evans was born in Newark, and has always been a resident of this city. After graduating in the commercial course at Newark High school he immediately entered the employ of the Licking County Bank and Trust Company in the capacity of clerk. He remained with that institution eleven and one-half years, and was assistant cashier when he resigned his position to enter the employ of the Dollings Company. On week days Mr. Evans' attention is devoted to his business, and on Sundays he is one of the most active church and social workers in the county, having been actively interested in this line of work for the past 16 years. Throughout the county his influence is widely felt in connection with the Licking Sunday School Association and the Ohio Christian Endeavor Union. He is now treasurer of the former, and is a past state treasurer of the latter organization. He is the secretary of the Board of Directors of the Y. M. C. A., and is also a member of the Jackson Town Grange. His office is in the fourth floor of the Newark Trust building.

R. L. PATTON WILL APPRECIATE SUPPORT AT POLLS TOMORROW

To the Democratic voters of Newark and Licking county:

During the primary campaign I have visited every section of the county and have met and talked with many voters. It has of course been impossible to meet every man in the county. To those whom I have not seen I desire to say that I am a candidate for the Democratic nomination of sheriff of Licking county and I shall be very appreciative of support at the primary election tomorrow.

If nominated I shall use every honorable means to be elected in November and if elected I shall give my best service to the office. I shall fully appreciate the support of Licking county Democrats tomorrow.

BRITISH TRAP TURKS; WHOLE BRIGADE TAKEN

(Associated Press Telegram.)

London, Aug. 7.—A description of how the Turks were drawn into a trap at Romani by British cavalry is given in a Cairo dispatch to the Exchange Telegraph company.

The dispatch says the cavalry was sent out to entice the enemy, who had shown a disposition to assume the offensive. The British horsemen fought an admirable rear-guard action, until their flanks were turned by the mounted division. At whole brigade was compelled to surrender. Among the prisoners were 70 Germans, including 35 officers. A complete battery of German guns was also taken.

The statement says:

"In reference to the fighting in the Katia district, the general officer commanding in chief in Egypt, reports that our artillery rifle, and machine gun fire was most effective and that the Turkish losses in killed or wounded appear from all accounts to have been very heavy."

"Late in the evening of the 5th of August, territorial infantry gallantly carried a strong rear guard position. Our pursuit of the Turks has been continued for a distance of 18 miles, and they are now well clear of the Katia Umala basin."

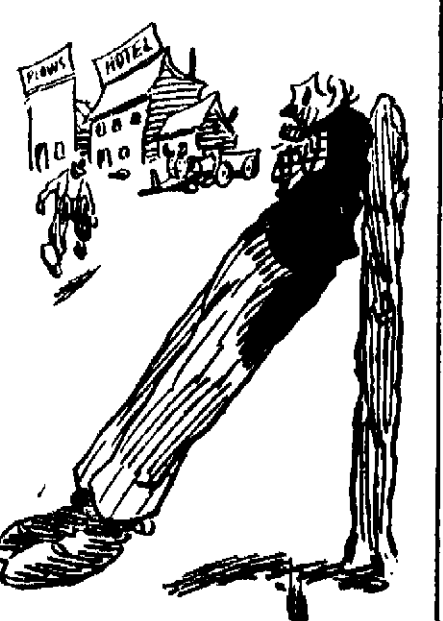

"The number of unwounded prisoners taken by us now amounts to 45 officers and 3,100 men, and they are very fine body of men."

PRISONERS REACH CAIRO.

(Associated Press Telegram.)

Cairo, Egypt, via London, Aug. 7, 9:05 a. m.—Sixteen hundred Turkish prisoners have arrived here. They are part of the army which attacked the British position in Romani and which was defeated with heavy losses or a total of 2,500 prisoners being taken.

MOTHER GOOSE FESTIVAL FOR CHAUTAUQUA

NEWARK CHILDREN OF JUNIOR REDPATH CLUB APPEAR THIS EVENING, 7:15.

Redpath Talent at Columbus Headquarters Yesterday—Arctic Lecturer Maurer Here Tonight.

Tonight—Mother Goose Festival by Miss Heath and the Junior Redpath club 7:15 o'clock, assisted by the American Girls Orchestra; illustrated lecture, "A Fight for Life in the Arctic," Frederick W. Maurer.

Tuesday afternoon—Dramatic lecture, Thomas Brooks Fletcher.

Tuesday evening, song recital—Miss Alice Neilson.

Sunday all the Redpath Chautauqua entertainers on the Ohio, West Virginia and Kentucky circuit, met at the Chittenden Hotel in Columbus where they became acquainted. All the talent, platform managers, advance men and others connected with the work were in attendance and dinner was served in the main dining room of the Chittenden to 200 Chautauqua enthusiasts.

The entertainers, including Alice Neilson, prima donna soprano, who is the headline attraction this year, gave an interesting program. Monteville Wood, the scientist, gave some unusual demonstrations with the torpedo with "ears."

Francesco Pallaria, and his band, gave both the afternoon and evening program here Saturday, and the leader dramatically wielded the baton, showing complete mastery of his organization. In spite of the almost unbearable heat Saturday afternoon, Pallaria was most vehement in his interpretation of several of the numbers. Schubert's "Serenade," a coronet solo, "The Dance of the Serpents," and a descriptive number, "Cavalry Charge" featured the afternoon program.

In the evening the program gave a wider range, and presented some very excellent numbers. The overture from "William Tell" proved an inspiration, to the conductor, the band and the audience, and for the encore to the enthusiastic response. "Humoresque" was played.

Pallaria in his enthusiasm is most spectacular as a director and covers the entire stage exhorting and forcing the players to respond to his mood. The evening program, "The American Navy March," by Pallaria, opened the evening program, and "William Tell," the torredor song from Carmen and the sextet from "Lucia" were some of the favorite played which were well received. Both the afternoon and evening program had "The Belle of the Village," a clever number composed by the director. All the encore numbers were popular airs, and the chorus of each was vocalized by the band.

Frederick W. Maurer, the only American survivor of the Stefansson Arctic expedition, tells a wonderful story of the Far North this evening in his lecture "Fight for Life in the Arctic."

The lecture will be illustrated by stereopticon slides and should prove especially interesting.

The headline number of the Chautauqua, Miss Alice Neilson, prima donna, will sing on Tuesday evening, the program beginning promptly at 8 o'clock.

Regarding the operations on the British front in the Somme region, London announced that the lines in the Pozieres sector have been maintained in the face of continued counter-attacks. Berlin today reports the recapture of sections of a trench near Pozieres temporarily held by the British. London admitted last night that German counter-attacks yesterday had made inroads on the ground won by the British last week but declared that all but about forty yards of one trench had been subsequently recovered.

The German influence upon the campaign in the Carpathians is reflected in the reports of the fighting in that region. Berlin today announces that German troops have won new successes there, capturing additional heights on the Cheremoch river.

ures issued early today showed that 335 cars were in operation.

There was no suspension of precautionary measures against possible trouble, however, as one or two policemen rode on every car, and at Bronx power houses all visitors were barred from communication with employees who had worked since the strike was called.

The terms of the proposed settlement were not made public in advance of their ratifications, but it was reported that the demands of the strikers for a wage scale of thirty-three cents an hour were granted together with virtual, if not official recognition of their union and an agreement to the men's demand that future differences between them and the company should be submitted to arbitration by a committee representing the disputants.

Should a settlement of the strike affecting the New York railways companies be brought about it is believed that a similar agreement would be made with the strikers on the surface lines in Queens county. This agreement also may have an influence toward settling the strike on the Second and Third avenue

Philadelphia Car Men Strike; Less Than Half Quit Jobs

(Associated Press Telegram.)

Philadelphia, Aug. 7.—A strike of the members of the Amalgamated Association of Street and Electric Railway Employees was called by Harry E. Flynn, president of the local division at 3:30 o'clock this morning but apparently there was no changing in the running schedule of the lines of the Philadelphia Rapid Transit Company, which operate the street railways. The men seek recognition of their union and improved wages and working conditions.

Flynn issued a statement saying 1,500 of the 4,700 employees of the company had responded to the strike order and that several lines were tied up and others crippled. Strike breakers had replaced the men out on strike, he said.

Company officials asserted that only a negligible number of men had quit and that all lines were being operated as usual.

Thomas E. Mitten, president of the transit company, issued a statement today in which he said that every car is running on schedule time and that not more than 12 men had walked out. Other company officials conceded that 400 men are out.

Three strikers were arrested following an attempt to interfere with a trolley crew.

SAYS THE SUFFRAGE QUESTION SHOULD BE SETTLED BY GIVING VOTE TO WOMEN.

Talks to Manufacturers of Detroit and Vicinity and Later Talks to Group of Suffragists.

(Associated Press Telegram.)

Detroit, Aug. 7.—Charles E. Hughes, speaking today to forty manufacturers of Detroit and vicinity, employing nearly 100,000 men, congratulated them upon what they had done for the welfare of their employees told them that the democracy of the United States would not stand for a continuation of "this alleged strife between capital and labor, and declared that the American workman should not be regarded as a mere economic unit, but as a fellow worker, a human being."

Mr. Hughes' address was impromptu and followed a brief speech by J. M. Eaton, spokesman for the manufacturers who suggested that the nominee endorse a movement looking to the formation of a national welfare association of manufacturers. Mr. Hughes said he regarded the suggestion very favorably.

A few minutes after Mr. Hughes spoke to a group of suffragists. The day was hot and the air of the little room where he received the manufacturers and the suffragists was almost stifling. The nominee spoke with his wife standing beside him.

Mr. Hughes reiterated his declaration that the suffrage question should be settled speedily by giving the vote to women all over the country. He declared that he had formed this opinion long ago before he thought that the time would ever come when he would have to announce his position publicly.

HEAVY VOTE PREDICTED AT THE PRIMARIES

The primary election is to be held tomorrow, the polls opening at 5:30 A. M., and remaining open until 5:30 P. M. There will be voting booths in each precinct of the six wards in the city and in each county precinct. There is considerable opposition for all offices and it is predicted that the vote will be quite heavy.

The Advocate will receive the returns and compile the vote and it is possible that the result over the county will be known shortly after midnight.

VOTE FOR STRIKE.

New York, Aug. 7.—The task of counting the vote of approximately 400,000 railroad employees, authorizing a general strike, was completed just before noon. It was learned from an authoritative source that the vote was overwhelmingly in favor of a strike.

TIRE EXPLODED AND CAR SKIDDED; FOUR ARE HURT

Four young men had a narrow escape from serious injury when the tire blew off their machine while ascending the Mt. Calvary cemetery hill Sunday morning at 11 o'clock.

Lawrence Smith of Williams street was driving the machine and with him were Lee Van Voorhis of Williams street, William Crammer of West Main street and William Hughes. The machine is owned by William O'Bannon of West Main street and the use of it had been given the young men to make a trip into the country.

As they were ascending the hill the tire came off and inner tube exploded. In endeavoring to stop the machine, a Ford, it skidded and turned once and half way again.

Mr. Crammer was caught under the rear wheel of the machine and Mr. Van Voorhis was found in a field some distance from the accident. The machine went over the embankment and was badly damaged.

The young men were taken to their homes. Mr. Crammer suffered serious bruises and cuts and Mr. Van Voorhis has a fractured rib. Smith has a bad cut across his ear, and Hughes escaped injury.

Two wheels of the machine and the radius rod were broken, wind shield demolished, top torn off, one fender was washed and the inner tube was torn to pieces. The machine was taken to the Oberfield garage in North Fifth street.

SALES CONFERENCE OF HOLOPHANE CO. BEING HELD HERE

This year the annual conference of the Holophane Glass Company organization is being held in this city. The meetings are taking place in the factory office building. This conference has brought the salesmen in from various parts of the country, together with the sales manager, Mr. Charles Franck, of New York.

The general manager of the company, Mr. H. H. Thompson, is also here to attend the meetings. Mr. Thompson's last visit to Newark was in December. Since that time he has been on a business trip for the company in London, England, and in Australia, both places having Holophane Company headquarters.

The conference is expected to last the greater part of this week. Plans for the future selling policies of the company are being taken up, and the salesmen are being brought closer to the manufacturing methods used.

State Government Changes; Sinalo Has Many Bandits

(Associated Press Telegram.)

Mazatlan, Mex., Aug. 7.—(By radio to San Diego, Calif.)—The state of Sinaloa government, which is said to be loyal to Carranza, has moved its seat from Mazatlan to Culiacan, where there are fewer bandits and consequently more security.

The Culiacan region also affords a better supply of meat.

The authorities are endeavoring to improve the food situation by installing distribution commissaries in all the large towns.

BOUGHT MOORE FARM LOCATED SOUTH OF CITY

Charles and Otto Vogelmeier have purchased the Moore farm of 180 acres from the administrator, Carl Norpell. The farm is situated about two and one-half miles south of this city on the Jacksonville pike and is one of the best in the county. There is excellent grazing land and timber on the place and the crops raised there have always been of the best. The Messrs. Vogelmeier will take possession in the very near future.

CAPTURES 100 GERMANS; CORPORAL GETS MEDAL

(Associated Press Telegram.)

Paris, Aug. 7.—Corporal Gouteaubier of the French light infantry has been decorated with a military cross by President Poincare for capturing 100 Germans, including two officers, aided only by a single companion. The court referred to Corporal Gouteaubier's exploit in army orders says:

"For bravery and contempt of danger which struck terror into the trenches and shelter of the enemy. With a single comrade he has made 100 prisoners, including two officers, whom he took to the rear and then rejoined his post."

GARLINGHOUSE FOR COMMISSIONER

George Garlinghouse of Monroe township, is seeking the Democratic nomination for membership on the board of Licking County Commissioners. Three are to be nominated by each party at the primary election on August 8th. Mr. Garlinghouse came to Licking county 31 years ago from Delaware county. He lives on a farm near Johnstown. He has been elected township trustee six times by his fellow citizens. Mr. Garlinghouse has three children, one of whom, Glenn, lives in Newark. He is making an active campaign and one of the chief planks in his platform is "Good Roads." Mr. Garlinghouse got up the first petition in Licking county for a pike.

McDonald for Prosecutor

B. F. McDONALD.

B. F. McDonald, Democratic Candidate for Prosecuting Attorney of Licking County, has had no opportunity to meet the voters during the primary campaign because he has been engaged all summer on the Chautauqua platform in Minnesota, Iowa and the Dakotas. Mr. McDonald will not return home for several weeks. He will greatly appreciate the support of his friends at the polls next Tuesday.

SOLDIERS WILL VOTE AT HOME; 3RD REGT. PAID

(Associated Press Telegram.)

Camp Willis, Columbus, Aug. 7.—Preparations for "election leave" for Ohio National Guardsmen who desire to vote was under way today following the announcement yesterday by Brig. Gen. Wm. V. McMaken, camp commander, that provision would be made for most of the men to leave camp if they desired to exercise their right of franchise. Today the guards were making arrangements for short leave to vote, but only a percentage of the men will seek the privilege, it is believed. Camp officials, however, are placing no obstructions in the way of those who desire to vote.

The Third regiment was gleeful today. Through the efforts of Col. R. L. Hubler, \$19,000 pay for June was procured yesterday and precedent was established by the payment of troops on Sunday. Colonel Hubler proposed to borrow the money to pay the men at once from business men in Dayton if the quartermaster's department could not procure the funds because of technicalities which were holding up the pay.

Battery C, of Columbus, today held the pennant of the Camp Willis

baseball league. Six companies at camp formed teams and battled for the camp title in a series of games. Another "season" is being arranged.

BELIEVE SERUM WOULD PREVENT CHILD PARALYSIS

(Associated Press Telegram.)

New York, Aug. 7.—An appeal was issued today to persons who had suffered from infantile paralysis and who have recovered to give a small quantity of their blood so that a serum could be obtained and administered to those new victims of similar attacks. It was stated that this appeal was made at the request of the department of health and of several physicians who are foremost in the fight against the plague.

Physicians said that owing to a lack of serum with which to make numerous conclusive tests, its value has not yet been fully proved, but indicated that there was a possibility that if administered early enough, it would prevent paralysis and save the patient from becoming crippled. There has been much discussion of this claim and it has been questioned by other physicians.

Vote Early Tomorrow.

Tomorrow will be primary election
day when the voters of Ohio will se-
lect their nominees for state and
county offices.For governor the Democrats will
no doubt select as their standard
bearer James M. Cox of Dayton, who
gave Ohio one of the best adminis-
trations this state has ever had.
Contesting with him for the nomi-
nation are J. C. Martin and A. P.
Sandles. Mr. Sandles is well and fa-
vorably known over the state as the
head of the state agricultural depart-
ment.Earl D. Bloom, E. J. Hopple, D. L.
Sutter and Geo. W. Toolil are candi-
dates for lieutenant governor while
Carl F. Antenen, W. D. Fulton, C.
C. Meekeson, J. Henry Newman,
Thornton R. Snyder and W. A. Wey-
gault are contesting for the Demo-
cratic nomination for secretary of
state. Several of these men have
made state wide campaigns. Mr.
Fulton, the only Licking county man
on the state ticket, has not made as
aggressive a campaign as some of his
opponents but he has received the
indorsement of his home county and
of other counties of the state and
there is no doubt that he will re-
ceive a large vote particularly here
in his home county. Mr. Fulton
made a good record in the legisla-
ture and has recently attracted much
attention over the state by reason of
his sensible suggestion on repair of
country roads.Vic Donahay will be re-nominated
for auditor of state without opposi-
tion and Chester E. Bryan the well
known editor of London, Ohio, who
has a large number of friends in
Licking county, will be the nominee
for state treasurer.There are three candidates for at-
torney general. They are Joseph
McGhee who was given a strong en-
dorsement last week by former Gov-
ernor Harmon, and also W. J.
Schwenck and Scott Stahl. Mr.
McGhee was attorney general Hog-
an's able chief assistant during the
Cox administration.For supreme judge M. H. Donahue
and James G. Johnson will be re-
nominated and Judge R. S. Shields
who has been endorsed by the bar
associations all over the district will
be nominated for another term on
the court of appeals.For United States senator there
are two candidates John J. Lentz
and Atlee Pomerene but Senator
Pomerene who has stood shoulder
to shoulder with President Wilson
will no doubt be re-nominated by a
big majority.John F. Kramer of Mansfield, is
contesting with William A. Ashbrook
for the congressional nomination.
Mr. Ashbrook's service in behalf of
the people of the Seventeenth dis-
trict has been marked by industry,
intelligence and patriotism. He has
stood by the President. He has al-

Ohio Politics.

Efforts made to conciliate the Re-
publicans who followed Roosevelt in
his attempt to destroy the party are
not resting well with those who re-
mained loyal and regular.

In Ohio there is a very bitter feel-
ing which is growing more bitter. It
is an open secret that the Hughes
national committee has gone into the
Ohio fight with the idea that the
state ticket is hopelessly lost with
Willis at its head. This accounts
in the first instance for the selection
of James A. Garfield on the nation-
al executive committee to have
charge of the Hughes campaign. In
the past Garfield has accused Willis
of insincerity, inability, and charged
that he was "a reactionary of the
Barnes-Smoot-Crane-Cannon type."

Harry Daugherty, who kept the
Republican organization intact in the
disasters of 1912, found it necessary
to lay out Mr. Garfield as he
thought it necessary to handle one
he termed a traitor. On occasion
Mr. Daugherty used severe language
in arraignment.

Now at the first chance back
comes Mr. Garfield with right good
will. Candidate Ex-Justice Hughes
in his acceptance speech went far
out of his way to bring Myron T.
Herrick into the lime-light and place
on him the Hughes label of accepta-
bility. Now Hughes has no acquaint-
ance with Mr. Herrick. His name
was not needful to the text. The
candidate was interfering in a pri-
mary campaign in his own party,
interesting only in Ohio. For Ohio
Garfield is Hughes' advisor. Mr.
Herrick's plea for preferment in his
announcement was that he had no
part in the party split of 1912. It
is hoped that Harry Daugherty will
continue to be regular, but he is cer-
tainly getting it good and plenty
where the chicken got the axe, be-
cause of that same regularity.

State Convention.

The adjourned session of the Ohio
State Convention which is to be held
in Columbus some time during the
month of August, promises to be a
memorable meeting, as there is a
strong probability that President
Wilson will attend and deliver an
exhaustive speech which be the key-
note address for the coming Nation-
al campaign. Senator Pomerene is
using effort to induce the President
to be present, and as Ohio is to be
one of the hard-fought battlegrounds
it would seem fitting to start the
ball rolling at this time. Every-
thing is promising for a clean sweep
in Ohio this fall, for the Democrats,
one of the reasons for which is the
notorious mismanagement of State
affairs by the present Governor. The
exact date for the adjourned meet-
ing of the convention has not been
determined, but the last of August
will be a suitable time, at a date
when President Wilson can be pres-
ent. Things Democratic look good
all over the state. Hundreds of vot-
ers who failed to line up with the
Democrats two years ago, are anx-
iously waiting an opportunity to
make good for the mistake then
made.—Woodfield Spirit of Democ-
racy.

The Chanute, Kansas, Tribune, in
giving an account of a social affair
at the home of Mrs. Overlook head-
ed it with these startling words:
"Mrs. Overlook's Big Feet." Before
serious trouble occurred the Tribune
explained in the next issue that the
word it intended to use was "fete,"
and it even went on to say that
"fete" means a celebration and as it
is French it is considered rather
tony.

The leading editorial in Puck for
the week ending August 12th is "A
plea for Casement" which ends with
this sentence: "We, too, join in ask-
ing clemency for Casement. Why not
send him to Berlin and let him live
out his life among the friends of his
choice?" Is it necessary to tell Puck
that Sir Roger Casement was hanged
last Thursday?

As yet we have seen no double
headed editorial in the columns of
our esteemed contemporary, the Amer-
ican Tribune, extolling Charles
Evans Hughes for his recent expres-
sion on equal suffrage.

Label the Live Wires.

(Louisville Courier-Journal.)
The death of Bishop Eitel, in
Pennsylvania, as a result of his steel
fishing rod touching a high tension
wire when he was passing under a
railroad bridge, should suggest the
necessity for making the designation
of the live wire compulsory.

The rule "let the label tell" is a
good one, as it applied to a bottle of
tomato sauce which has a preserva-
tive in it, or a pound of oleomargar-
ine, which but for the label law
might parade as butter. But the
charged wire, which will kill instan-
tly any one who comes into contact
with it, may be strung pretty nearly
anywhere and is unrecognizable.

Spirit of the Press

They're All Eaten Up.
We obtain from Jack Warwick
the remarkable news that chiggers
no longer thrive in Ohio. Is it pos-
sible that the fair and rosy pick-
nickers of the Buckeye state are no
longer entomologically nourishing?
Houston Post.

They're All Saying It.
The Kaiser reminds his troops
that despite the events of the past
two years, "the strength and will of
the enemy are not yet broken." We
might hear much the same thing
from any of the entente allies. Glad
there's something in the war upon
which everyone is agreed.—Boston
Advertiser.

A President for Americans.
Colonel Roosevelt has given assur-
ances to a correspondent of a French
newspaper. The Petit Parisien
that Mr. Hughes would be a more
satisfactory President for the allies
than Mr. Wilson. The German-
American Alliance has given assur-
ances to the German voters that Mr.
Hughes would be a more satisfactory
President for Germany than Mr.
Wilson. Somebody is evidently mis-
taken, but one thing is sure. Wheth-
er Mr. Hughes would be a better
President for the allies or the Ger-
mans than Mr. Wilson, Mr. Wilson is
a better President for the American
people. Whenever the United States
undertakes to elect a President for
the allies or for Germany, Mr.
Hughes' claims will be entitled to
respectful consideration. But in the
year of 1916 the American people
are electing a President for them-
selves.—New York World.

Woman Suffrage.
Candidate Hughes makes a bid for
the woman vote in the Western
States which will cost him nothing
when he comes out in support of the
Suffrage amendment to the Federal
Constitution. Even supposing that
a two-thirds vote could be obtained
in each branch of Congress in fa-
vor of submitting the proposed
amendment (which is not likely in
view of strong Republican opposi-
tion, covertly expressed in that
party's platform) the adoption of
amendment could be prevented by
the failure of 12 states to ratify it.
Candidate Hughes knows that his
standpoint Republican followers will
vote for the amendment in Congress;
he also knows that more than
13 States, in view of local condi-
tions, would decline to ratify an
amendment unconditional in its
terms. He is, therefore, making
promises which he knows he cannot
fulfill. His note will go to protest,
and he is fully aware of the fact.—
Philadelphia Record.

Politics.
In traveling over the state the edi-
tor of the News finds everywhere re-
ports of many Republicans who will
vote for President Wilson this year
and also many Republicans who will
vote against Governor Willis. One
Republican, who has traveled for a
Columbus firm for 25 years, declares
that he will not vote for Willis
while one of the prominent news-
writers on a Cleveland Republican
newspaper, himself a Republican,
emphatically announced that he
would vote for Wilson for his one
great achievement, that of keeping
the United States out of war. These
are only two of many instances that
have come to our notice. On the
other hand the dissatisfaction among
the Germans that was so noticeable
before is growing appreciably less.
It is apparent that they are looking
more favorably on the government in
the light of reason and patriotism.
—Wooster News.

Turner and Hogan.
The court of appeals of the Fifth
appellate district has issued a deci-
sion completely reversing another
ruling of Attorney General. The
decision allows the election officials
of the state pay for conducting the
primary elections last spring. Turn-
er has held otherwise.

Court reports now in press show
that Attorney General Turner has
been reversed more frequently than
he has been upheld. His record is
especially weak as compared with
that of his predecessor, Timothy S.
Hogan, who was sustained in su-
preme court in all but one case taken
there.—Union County Journal.

A Breezy One.
Great Doctor—"Your wife, sir,
needs a change of air."
Mr. Tightwad—"Well, I'll get her
an electric fan."—Puck.

Ain't It Awful, Mabel.
The territory between manuscript
and print is perilously full of pit-
falls, as many mangled travellers
conceal the paper, and as this is one
of the points on which decisions are
based, we should like to reprint it,
for Mr. Matthews' sake and our own:

If I could bring mountains of snow
From the land where the Arctic
winds blow,
I would turn them to ice
And live cosy and nice
With the fortune I'd make, don't you
know.

Also we should like to assure our
readers (gentle or otherwise) that it
has been almost our lifelong habit
to spell "greet" with two e's and
not with three.

Did You Know
That Abracadabra is said to be a
word of Persian origin and to mean
in that language Mithra, the sun-

most venerated of those magical

was supposed to be highly efficacious
for the cure of fevers. Serenus Sam-

tions for its use: Write the letters of
the word, (abracadabra) so as to
form a triangle, capable of being
read many ways, on a square piece
of paper. Fold the paper so as to
conceal the writing and stitch it in-

Society

Masonic Social Dance Club will hold their 10th summer dance at the Buckeye Lake Yacht Club Tuesday evening, Aug. 7.

Mrs. Frank Douce, of 523 Oakwood avenue, Columbus, entertained with a three course dinner Sunday at noon in honor of her husband's birthday anniversary. Mr. Douce was the recipient of several handsome mementoes. An auto party was enjoyed in the afternoon with a swimming party in the lake and in the evening the guests were entertained at the club. The guests were Dr. J. T. Lewis and H. D. Hale of this city; Capt. E. R. Frederick and Robert E. Baser of Toledo; Harry T. Gross who is giving instructions at the Carlin aviation school near New York; Will C. Hare of Upper Sandusky, O.; Ollie Tucker, Fred Moore, Fred Myers, E. C. Detwiler and J. R. Montague of Columbus. Mrs. Douce was assisted in serving by Miss Bess Kear of this city and Mrs. Frederick of Toledo.

James Claggett.
David L. Jones and Miss Mary Claggett, of the Sharon Valley, were united in marriage Saturday evening at the parsonage of the First M. E. Church by the pastor, Rev. L. C. Sparks. They were attended by the father and mother of the bride and the father of the bridegroom and Mr. and Mrs. Luther Jones.

The bridge dinner which was to have been given on Tuesday evening at the Mountbuilders' Country Club has been postponed and the future date has not been decided upon.

The members of the Phi Sigma Chi fraternity are entertaining with a dancing party this evening at Buckeye Lake park.

Obituary

Nancy Higginbotham.
Mrs. Nancy Higginbotham, aged 80 years, died Saturday evening at her home near Wilkins Run. She is survived by a son, S. F. Weekly, and a grandson, Arthur Weekly. The funeral took place this afternoon at 2 o'clock, Rev. A. B. Cox officiating. Interment at Wilkins Corners.

J. D. Stewart.
J. D. Stewart, who for the past five years made his home with his son, Kirk Stewart of 110 Riley street, died Saturday at 4:30 p. m. at the home of his daughter, Mrs. Wm. Jones of Carnegie, Pa. While making Newark his home, Mr. Stewart made many warm friends who will be greatly grieved to learn of his death.

John K. Shomaker.
John K. Shomaker, aged 54 years, died Saturday afternoon at 4 o'clock at the home of his brother, L. E. Shomaker, residing west of this city on the Wehrle farm. He is survived by his mother, Mrs. Nettie M. Shomaker, one sister, Mrs. Jacob Diehl, of 113 West Poplar avenue and the brother referred to above. Mr. Shomaker was a member of the Moose lodge and of the Modern Woodmen. The funeral took place this afternoon at 1:30 o'clock from the Shomaker home on the Wehrle farm and was conducted by Rev. M. R. White. Interment was made in Cedar Hill cemetery.

Mrs. Charles Sigler.
Mrs. Edward E. Duffill of 138 South Pine street has received word of the death of her sister, Mrs. Chas. Sigler, who died at her home, 1056 Cleveland avenue, Columbus. She is survived by one daughter, Mrs. J. H. Hutzell of Hebron. Death came Saturday, August 5.

The funeral services will be held on Tuesday afternoon and interment will be made in Greenlawn cemetery, Columbus.

Bertha Elinor Earhart.
Bertha Elinor Earhart, daughter of Charles E. and Lavertie Meek Earhart, died Sunday, July 30 at 4:30 p. m. at the family home near

Weak Women!

An Ohio Woman Testifies.

Warren, Ohio.—"I have found Dr. Pierce's Favorite Prescription just the medicine for a badly run-down condition and female trouble. I was dragging around, neither sick nor well. I used 'Favorite Prescription' four months and it made me feel like a new woman. I am most pleased to recommend it. Then I used 'Golden Medical Discovery' to the extent of six bottles when weak and it was just right for the troubles connected with that condition." Mrs. T. B. ALLEN, 133 Belmont St., Warren, Ohio.

At the first symptoms of any derangement of the feminine organism at any period of life the one safe, really helpful remedy is Dr. Pierce's Favorite Prescription.

Tens of thousands of women have taken it with unflinching success for diseases of a womanly nature.

Dr. Pierce's Pleasant Pellets are the original little Liver Pills. These tiny, sugar-coated, anti-bilious granules—the smallest and the easiest to take. One little Pellet for a laxative—three for a cathartic.

Granville, August 7.—The annual union meeting of the local missionary societies will be held in the Methodist church on Wednesday afternoon, August 9 at 2:30 to which all cordial invitation is extended to all. Addresses will be given by representatives from the following churches: Presbyterian, "Woman's Work in Alaska," Miss Gertrude Good. Methodist, "Our Mission Work in South America," Mrs. Fred G. Smith. Baptist, "The Problems of the Uninterested Woman," Mrs. B. F. Griffith.

The program will be followed by a round table, and special music has been arranged for the occasion.

Rev. Thomas Moody, returned missionary from Africa, who occupied the pulpit of the Baptist church yesterday, used as his theme the wonderful achievements of the African explorers, Livingston and Stanley, constructing thereon a powerful address, which greatly moved his hearers. For the offertory Mr. Paul Curtis sang with excellent effect: "By the Rivers of Babylon."

Dr. J. W. Rohrer and family left early this morning for Dayton for a visit with relatives. The doctor will return in a week, the family remaining for a fortnight.

Miss Helen Ray is visiting relatives and friends in Philadelphia and Baltimore this summer. Through the influence of a relative she enjoyed the distinction of a visit to the Deutschland and a talk with the commander, Captain Koenig, while the submarine was in port.

Mr. and Mrs. Guy Case are taking their vacation at Niagara Falls. Don't forget the aluminum demonstration tomorrow, Tuesday afternoon in the parlors of the Presbyterian church at 2:30.

The union meeting in the Methodist church last evening was well attended despite the heat and the congregation enjoyed an excellent discourse by Rev. Mr. Miller of Wooster, who took as his topic "The Christian in the Home." Music for the occasion was furnished by the choir with Miss Elizabeth Evans at the organ.

The choir sang an anthem with obligato by Mrs. Allister Chrysler Morrow, "Jesus, I My Cross Have Taken," and Mr. Paul Curtis sang a baritone solo for the offertory, all with artistic finish and fine expression.

People who are spending the summer in Granville are trying to "grin and bear" the trying weather of the past two or three weeks, but judging from messages that come from other places, those who have gone away for the summer are not even trying to smile over the unprecedented heat. Mrs. Charles Lucas (Carrie Holderman) writes from Wallon Lake, Mich., that no such heat has ever before been known there.

Frances Ray in Ripon, Wis., sends a little wail that that is the hottest place in the country; Mrs. R. G. Bell, only two and a half miles distant from either shore of Long Island writes that the heat is intense there; Mrs. George E. Andrews of Bay City, Mich., writes that the intense heat is driving them to the extreme north for a season of comfort.

And so the conveniences of home for once seem to over balance the vacation joys to be found in travel and change!

Mrs. Hollenbeck has been prostrated with the heat during the past few days at the home of her daughter, Mrs. Frank Ray, on the Newark road. She is much improved today.

Mr. Edwin Angeline has been ill at the home of his son-in-law and daughter, Dr. and Mrs. E. P. Cook, as a result of the intense heat and humidity.

The condition of Prof. A. M. Brumback continues practically unchanged, though today the physician and the family feel encouraged to hope for the best. The fever is not at broken but the pulse is improved.

Postmaster John Geach is suffering from an attack of lumbago. Miss Grace Ackley who has been visiting in Marietta during the past two weeks, returned today and resumed her duties in the postoffice.

Wonderful Animal.
"Talking about the intelligence of animals," said young Browne, "why, I have a dog up at the farm that's simply wonderful."

"I was out shooting one day when I found a large, handsome dog lying on the ground moaning with pain. Some ruffian had shot it in the leg. I carried it home, bandaged the wound and finally cured the poor beast. Some months after that I was compelled to travel on a lonely road after dark when suddenly Ponto, who accompanied me, began to growl warningly. The next moment a ruffian stepped out of the bushes and put a pistol to my head."

"Ah," cried the listener, "I see! Thereupon the grateful dog seized the robber by the throat, while you—"

"Not at all. The man robbed me easily enough—took watch, purse, everything."

"But Ponto?"

"Ran off as fast as his legs could carry him. That's the point, don't you see? Animal instinct didn't want to get shot again!"—Rocky Mountain News.

Our Boys and Girls

A normal baby immediately after birth can hear and see, feel pain, and cries when uncomfortable or hungry. It not bunched up too tightly it exercises the arms and legs and muscles of the body by natural movements.

At one month it begins to locate direction of sound and can follow a bright light. At two months responds to the snapping of fingers and follows bright objects. At three months holds head erect, turns it steadily from side to side, smiles when talked to, grasps bright objects and coos. At 4 months begins to recognize those who fondle him and brings everything to its mouth.

At five months knows its mother, father, puts out its hands to be taken, and stops crying when food is brought near. At 6 months sits up in a chair with a slight support and is interested in its surroundings. At 7 months recognizes familiar faces from a distance, grasps objects placed within reach and laughs aloud. Smiles to everybody and cries when scolded. Begins to imitate sound.

At 8 months attempts to stand if held erect. Attempts to creep. At 9 months knows its name. Holds and carries its bottle to its mouth. Able to bite of solid food. It properly trained indicates its desire for attention. At 12 months stands alone or by holding on lightly to a chair, etc. Knows the difference between the articles of food it is accustomed to eat.

Every Day Etiquette
"There is a young man whom I admire a great deal. He has called me up several times to make an engagement but each time I had a previous date, how can I entertain him at my home," asked Anna.

"Why don't you arrange to have two or three couples at your home some evening or to go on an outdoor excursion and invite this particular young man to go along? You really ought to make some advance so that he will know that you did not refuse his invitation merely to cut the friendship," helped her aunt.

Sued By Husband, Haines Weds Wife And Goes to Cuba

(ASSOCIATED PRESS TELEGRAM)
Chardon, O., Aug. 7.—As a sequel to a damage suit for \$5,000 brought by Carl Ellis, 38, against Marshall Haines, 41, for alienation of the affections of his wife, Marie Ellis, from whom he was recently divorced, Haines and Marie were married today by Mayor Bickie.

Haines has taken his old job with a dredging company in Cuba and he and the new Mrs. Haines started today for Havana.

The Sick

A son of Samuel Wells of 31 State street was removed from the city hospital Sunday to his home.

Mrs. Albert Warner was taken in the Bazler white ambulance from her home near Chatham to the City hospital Sunday morning to be operated upon for appendicitis. Dr. Harry H. Postle in attendance.

His First Shed.
Abner Stone had lived "inland" all his days and knew all there was to be known about pork and beef as articles of food. His acquaintance with the products of the sea, on the other hand, was very slight. Once, however, when at the seashore he was introduced to shad and asked how he liked it.

"Well," said the old farmer, with a brave attempt at a smile, "I calculate I shall when it gets kinder went to it, mebbe, but I do seem, jest at first, ye know, consid'able like tryin' to eat a paper o' buttered pine!"

Milady's Boudoir

What should the tired woman down town on a tedious shopping expedition eat for her luncheon?

It is an easy enough question in cold weather, but just what answers her purpose in the "good old summertime?" Soup is nutritious and easily digested, but one gets overheated from it, and however plausible the theory that hot tea and soup leave one cooler in the end than other foods, it applies best where there is a chance to change one's clothes.

Chilled soup? Eureka! Just the thing! The nourishment of soup—if honestly made and not stiffened with gelatine—without its warmth and yet not sufficiently cold to interfere with the digestion of the rest of the meal, for he is sure to order something else.

If soup is not indulged in, our old friend Boston baked beans will furnish enough cheap protein to provide energy for the rest of the day.

Turries of chicken, egg or nut-ton there be no possible objection, for are they not the most expolited food of India and other hot countries? Furthermore the bed of boiled rice on which they are inevitably served contribute toward a well balanced ration.

Dispatcher is Dead; Spend 46 Years in Insane Asylum

(ASSOCIATED PRESS TELEGRAM)
Toledo, Aug. 7.—Condon Harris, a train dispatcher who became insane immediately after a wreck, said to have been caused by an error in the dispatcher's office 46 years ago, is dead in the Toledo state hospital for the insane.

Harris was 81 years old. The immediate cause of his death was illness resulting from intense heat. Harris whose home was in Keaton, was an inmate of the Columbus state hospital 18 years. He was among the first patients transferred to the Toledo state hospital when it was opened 28 years ago.

RACES AT CRANWOOD.
Cleveland, Aug. 7.—Practically all the light harness horses that raced at Rockport last week are entered in the Lake Erie circuit races which open at Cranwood Park here today and continue for five days.

MILK WAGON MEN THREATEN STRIKE; WANT \$100 MONTH

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Aug. 7.—A threatened strike of milk delivery drivers employed by two companies controlling 50 per cent of the city's milk supply, today stirred city officials and health authorities into activity in an effort to avert a final break. Thomas Farrell, international organizer of the teamsters' union, today declared a strike would result this week unless the drivers' demands for recognition of the union and \$100 a month salary, are conceded.

A strike at this time, when the city faces shortages of ice, water and milk, would result in a milk famine, dealers say.

HEAVY RAIN STOPS CIRCUIT RACES AT PITTSBURGH TODAY

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, Aug. 7.—The grand circuit races which were to have been started here this afternoon have been deferred one day. Torrential rains an hour before the first race was set made the track too heavy to work on. The races on today's program will be run tomorrow.

AUTO PHONE No. 1389, 1388

INTRODUCED HIMSELF.

The Landlord Didn't Have to Ask the Name of His Guest.

Pat Murphy had the name of being the biggest eater on the Comstock range in Nevada in the early days. He was a very good sort of man and tried his best not to make his appetite conspicuous, but it was a thing that could not be concealed. In order not to be too hard on any one man Murphy was in the habit of changing his boarding place quite frequently.

On one occasion a new restaurant was opened, and nearly every morning the patrons of the place would ask the landlord if Pat Murphy had yet come to board with him. The landlord would say that he had seen no man of that name.

Finding that the "sports" who were boarding with him continued daily to ask if he had yet seen Murphy, the landlord began to feel that he should like to know something about him. He asked what kind of man Murphy was and how he would be able to recognize him in case he should come to the restaurant.

"Never mind about how he looks," replied the sports. "You will know him when he comes."

One morning a tall, gaunt, middle aged man came edging into the restaurant and meekly took a seat. The landlord rather liked the appearance of the newcomer and at once went to take his order.

"Landlord," said the man, "let me have a porterhouse steak and onions, some liver and bacon on the side, six fried eggs, a bit of ham, a plate of pancakes, some fried potatoes, a cup of coffee and a couple of doughnuts and, if you have them, a couple of waffles."

When the sports came in to breakfast the landlord said:

"I've seen Murphy, he's been here."

An Afterthought.

One of San Francisco's prominent citizens was tearing along a country road not long ago, his machine registering a giddy speed, and as he was still several miles away from the nearest town he was amazed as he approached the crossroads to see a uniformed peace officer step out and block the way.

Realizing the speed he had been making and fearing he had broken some new county law, he halted and asked, "Well, what is it?" "Sir, I must—" "Look here, constable," interrupted the motorist, "pick this up and keep your mouth shut." And a five dollar gold piece clinked upon the road. The policeman quickly stooped, his blue official back, and in a twinkling the motor had bounded on, the driver chuckling with glee at having escaped the law.

Some twenty minutes later that motorist was heard to murmur on recovering consciousness, "I wonder if that officer simply wanted to warn me that a tree had fallen across the road?" — Arronaut.

"Still on Water Wagon with a Good Set of Tires"

Tribute Paid to the Neal Treatment by One Who Quickly Routed Drink Habit

"I am still on the water wagon with a good set of tires under me," is what a former patient of the Neal Institute writes from his home to the physician in charge for the cure of alcoholism.

Climbing aboard the water wagon is comparatively easy. Sticking there any length of time is what is hard. The Neal Treatment provides the required "kicking power" for the reason that it quickly knocks out the alcoholic poison which, found in the system of all drinkers, is what causes so many people of good intentions to topple off the water wagon before they have ridden very far.

The Neal Treatment is a physician's harmless vegetable remedy, which is taken internally, with no dangerous hypodermic injections. The results are tonic in effect and in three days all desire for liquor is changed to dislike for everything alcoholic.

There is no publicity. Names are never revealed. Your own investigation is not only invited, but urged. Call in person or address booklist the Neal Institute, 1320 Main st., Columbus, O., Phone East 860. Other Neal Institute located at Cleveland, Cincinnati and Pittsburgh.

LINK FAILS IN THE SIXTH; NEWARK WINS

HIS SUPPORT WEAKENED AT SAME TIME AND NEWARK SCORES SIX RUNS.

Two More Games Needed to Clinch Pennant for Pittsburgh (Feb. Four Games Yet to Play.)

When Link failed in the sixth inning and his support wobbled at the same time the Newark club scored six runs and won the game Sunday from the Bope-Hayes team of Columbus, 6 to 2.

Newark must win two of the remaining four games before the pennant is clinched, while one of the strongest contenders will play here next week, the Wilkes of Newark, with Lancaster coming the week after.

CAPITAL CITY LEAGUE NOTES.
The New Methods have dropped out of the league and as a result the Schullmans were without a game yesterday. The league will finish the season with seven teams.

Lancaster failed yesterday being baffled by the pitching of Nichols, former Newark man. The Lanks got but three hits. A glance at the standing will show that Newark has a pretty tight hold on first place. Nick Kautz, always ready to talk, gabbled himself out of the game yesterday.

Catcher Mays of the Mendels stole home in the game yesterday with the Hewitts and his team won the game, though outbait by the Hewitts. Second Baseman Evans got a home run, a triple and a single four times at bat.

AVOID MISTAKES

No Need to Experiment With Newark Evidence at Hand.

There are many well-advised kidney remedies on the market today, but none so well-recommended as Doan's Kidney Pills.

Read this Newark case: Mrs. Helen A. Dennis, 50 German St., Newark says: "I suffered dreadfully from pains across my back and I had rheumatic twinges in my limbs. My feet and hands became swollen. I had dizzy spells and it was hard for me to keep on my feet. The kidney secretions were unnatural. Several doctors gave me medicine, but I wasn't helped. Finally I used Doan's Kidney Pills and, two boxes permanently cured me." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Dennis. FEVER BREAKS UP B. & O. LEAGUE IN BALTIMORE.

Baltimore, Aug. 7.—Typhoid fever has demoralized the baseball league of the B. & O. Railroad; put the entire team representing the Mt. Clare shops of the road here either in hospitals or in bed at their homes and necessitated the inoculation of most of the shop employees with typhoid serum.

The team fell sick after a game with the Cumberland team Saturday before last; one of the series being played for a trophy cup offered by Vice President Thompson of the railroad. With another game of importance to a decision of the championship only of the sick team arranged from his bed to have the freight car department team represent his men for the rest of the series. They won their game Saturday and will probably play the Philadelphia team next Saturday.

Some of the Mt. Clare men are so seriously ill that they will probably be able neither to work nor play ball for the rest of the season.

HULSWITT IS RELEASED BY TOLEDO CLUB.
Toledo, Aug. 7.—Rudy Hulswitt, formerly manager of the Columbus club of the American Association, was released by Toledo Saturday night, according to announcement by Manager Bresnahan. Hulswitt came here a month ago, shortly after his resignation at Columbus, but has not been in the game to any great extent. He will return to his home in the Ohio capital.

Philadelphia in 27 weeks recorded 5,783 real estate loans, totaling \$14,468,600.

THESE 2 WORDS "DOLLAR BACK" GAVE HIM FAITH

Henry Vandyrke, Well Known Milk Dealer, Tells a Striking Nerv-Worth Story.

This endorsement merits the reader's attention no matter what the state of his health. It is very timely now, when mortals are well-coming, for Nerv-Worth is the best of all hot weather tonics. Mr. Vandyrke is widely and favorably known in a wide section of Southern Ohio.

Nerv-Worth Co.—Before taking Nerv-Worth, in fact ever since I was 17, I had serious stomach trouble. Could not eat cabbage, turnips, corn cakes nor many vegetables, except with serious distress.

When I saw that every Nerv-Worth ad contained the words "Your dollar back if the tonic does not help YOU," I concluded that the remedy must have real merit. I bought a bottle of it. That first bottle did me so much good that I felt encouraged to believe it would cure my indigestion if I kept on.

So I took Nerv-Worth until four bottles had got in their work against my trouble and NOW I AM CURED. I can digest all those foods which gave me so much distress and can go to bed and sleep like a baby.

Nerv-Worth also has banished all my nervousness and sleeplessness. I have taken all kinds of medicines. None gave me the satisfaction that Nerv-Worth has.

Mrs. Paschal, 30 South Fourth street, says: "I was nervous and had liver trouble, had no appetite, slept poorly, but Taulac has brought me much relief. I feel a great deal better." Taulac is demonstrated at Hall's Drug Store and is for sale at Utica by J. R. Richardson, Pataskala by J. R. Strine, Granville by W. E. Ullman, Johnstown by C. S. Howard, Croton by J. W. Haines, Hebron by Hebron Drug Store, Centerville by E. B. Walter and Alexandria by C. M. Gilmore. The Kauffman-Lattimer Co., exclusive wholesale distributors. (Adv.)

WOMAN ESCAPES INJURY WHEN CAR HITS AUTOMOBILE.

Columbus, Aug. 7.—Dragged in an auto for 75 feet under the grinding wheels of an Ohio Electric freight car, which was derailed when the machine collided with it at the Country club crossing Saturday, Miss Rozella Walter, of 58 Hawkes avenue, an occupant of the car, received painful bruises.

Norman Kaiser of 78 Mitchell street, who jumped before the car hit the machine, also received body bruises. The machine became buckled under the car and was demolished. Miss Walter was taken from the auto severely bruised. It was driven by K. W. Couch, 203 East Schiller street. A cornfield hid the railroad track from the chauffeur's view and in his attempt to make speed the engine died on the track. He jumped from the machine, as did Kaiser and Miss Rozella Walter, a sister of Miss Rozella Walter.

GOOD SHOES

---Fairly priced

—We mean that this store for men, women and children shall be more than simply a trading place to barter money for shoes, the purpose being to make friends of those whose confidence in our shoes and our business ways brings them over the threshold and into the store.

—"GOOD SHOES" fairly priced is the slogan of value here, and "Service" with the human note in it is the goal we aim to reach.

John R. Bost Drowned Sunday When
He Went to Assistance of Mrs.
Bost in Licking River.

John R. Bost, aged 24 years, re-
siding in the rear of 235 East Main
street, was drowned Sunday after-
noon about one o'clock, a half mile
east of Stadden's bridge, when he
went to the assistance of his wife,
who was in the water bathing and
had gotten beyond her depth.

Mr. and Mrs. Bost, and his sister,
Mrs. Lorain Frazier, were bathing
near Stadden's bridge when Mrs.
Bost stepped into a deep hole. The
young woman, who is only 19 years
of age, sank beneath the water and
her husband, noticing her plight went
to her assistance. He had caught
her by the arm and was swimming
toward the bank when he suddenly
sank and failed to rise again. This
is said to be due to the fact that
there is a back current there and
that he was drawn beneath the sur-
face and held there.

The two women immediately began
calling for help and several men in
the vicinity came rushing to the
spot. They went to where Bost had
been drawn under the water, secur-
ed the body and towed it to shore.
Funeral Director Lester N. Bradley
was notified and sent his assistant
Cliff Stewart to the scene of the
drowning with the ambulance. He
was accompanied by Coroner W. L.
Jackson and Station House Keeper
Robert Francis. The body was re-
moved to the Bradley morgue and
prepared for burial.

The sister-in-law Mrs. Frazier,
stated today that when the body was
taken from the water the heart still
was beating and she was of the opin-
ion that her brother-in-law might
have been resuscitated had the prop-
er steps been taken. Others who
were at the scene claim that this was
impossible as the body had been in
the water too long. Coroner Jack-
son viewed the remains and will re-
turn a verdict that death was due to
accidental drowning.

Mr. Bost was born in Millersburg,
O., June 27, 1892. He is survived
by his father, David Bost of Colum-
bus, a brother, Harold, of Akron,
and four sisters, Mrs. Frazier of this
city, Mrs. Henrietta Cobb, of Akron,
Mrs. Harry Barnes, of Millersburg,
and Mrs. Harey Weaver of Cam-
bridge, O. The remains will be ship-
ped to Millersburg where the funer-
al will take place some time tomor-
row.

BUCKEYE LAKE IS ATTRACTION FOR THOUSANDS

Buckeye Lake Park was crowded yesterday with visitors from all over central Ohio. The early morning trains carried thousands and they kept arriving until evening. The bathing beaches were the attractive spots and hundreds were in the water constantly. The boats were crowded to capacity until late in the night and hundreds took advantage of the delightful ride to enjoy a dip in the lake at the new beach opposite Summerland Beach. It is estimated that over 2,000 people were in the water there during the day.

The Buckeye band of this city, under the leadership of Prof. Fred Abbott gave open air concerts afternoon and evening, furnishing delightful programs. The concerts were given from the band stand near the Buckeye pavilion and thousands enjoyed the music.

The famous Forester drill team of Modern Woodmen from this city, under Capt. E. C. Richardson, gave an exhibition drill at the Buckeye pavilion at three o'clock in the afternoon and another at 7 o'clock in the evening at the Mauger pavilion. The difficult movement which they executed were followed closely by hundreds who gathered to witness the work of the prize drill team whose reputation extends over the entire state. They received many compliments for their fine work.

Capt. Jack Bishop made two high dives, one at 4 o'clock and the other at 8 p. m., from a ninety-foot tower. They were thrilling and the big crowds stood breathless as the intrepid diver shot through the air and disappeared in the water of the lake until his head reappeared above the water.

The park is proving a delightful retreat during the present hot spell.

FREIGHT CARS

(Continued from Page 1.)

A telegraph pole cut through at its base was swinging in mid air. All seemed chaos. On the opposite side of the track the wrecked cars had come near the houses. Watchman Robinson thought that the houses along that side of the track were wrecked as was the railroad tool house which was demolished to the extent that its roof remained the only physical proof of its former existence as a building. After assessing himself that no damage had resulted to any of the houses, he looked around expecting to see mangled bodies lying along the track and protruding from the wreckage. None was to be found.

At the sound of the smashing of the cars which seemed to last for several minutes, W. E. Wells and family, living on the southwest side of the track in Pine street, rushed from their home. Mrs. Wells thought that the world had come to an end, she said. Until the dust settled, none of them could determine whether any of the family had been injured or whether their home had been damaged. The ground trembled as from an earthquake or some gigantic blast. Twenty feet from the rear of the Wells home lay a box car, stripped of its trucks and lying on its side with its top snug against the fence. The whole length of its top was close against the fence, and a man's hand could scarcely have been inserted between the car and the fence at any place along the top of the car. The fence was not damaged in any degree.

Along the track from a point half way between Pine and Williams to several hundred yards below Pine street, the track was one continuous heap of wreckage. All of the steel gondolas were turned over, stripped of their trucks and wrenched and torn into shapes that did not resemble railroad cars. Limestone was strewn for the distance of one city block, and impeded wrecking operations as it had to be shoveled away before the track could be repaired.

One minute before the crash came, a westbound Pennsylvania freight train passed the tilted freight train at Williams street. Several minutes before the accident, an Ohio Electric work car had just crossed the railroad tracks at Pine street. Due to the fact that charged wires were dragging on the ground, the electric circuit had to be broken by cutting the trolley wire. Ohio Electric trains had to detour by the Union Street track, and were still compelled to do this as late as this afternoon. The B. & O. wreck train arrived on the scene a few minutes after the wreck, and immediately began clearing operations. The Pennsylvania freight train arrived from Columbus at 7:20 o'clock and the two wreck trains with their crews worked till late in the night, and Pennsylvania wreck train was still at work this morning. It was 9 o'clock Sunday night when enough of the wreckage had been cleared away and the tracks had been repaired enough to permit trains to pass. An eastbound passenger train coming up to the rear of the wreck soon after it occurred was compelled to detain its passengers and transfer them to the east side of the wreck.

A squad of the city police under Police Chief Sheridan and a number of the local railroad police arrived soon after the train was wrecked. They remained on duty to keep the spectators away from the dangerous places and to prevent any of the freight being stolen from the box cars.

Despite the intense heat of Sunday afternoon, 3,000 people flocked to the scene of accident, and from 3:10 o'clock in the afternoon until late at night there was a steady stream of spectators going and coming. During this morning until late in the afternoon spectators were still flocking to the scene. Yesterday afternoon automobiles and vehicles were lined up for several blocks on

each side of the crossing in Pine street.

The car that went off the track at Union street and the three cars that went off the track below the Raceoon street bridge were not damaged badly. The first cars derailed were the 21st cars in the train. The engine and the remaining 17 cars which were not wrecked proceeded down the track, and after an examination proceeded on their route.

Yesterday afternoon when work was begun clearing the wreckage away, it was observed that a steel rail was thrust up through the bottom of one of the steel gondolas.

Various theories have been advanced to explain the cause of the wreck, but railroad officials have not yet reached a satisfactory explanation.

East and west bound Pennsylvania trains were forced to detour by way of Mt. Vernon. Pennsylvania train No. 3, westbound, due in Newark at 8:30 p. m., was forced to detour over the B. & O. tracks from Newark to Mt. Vernon, and over the C. A. & C. road from Mt. Vernon to Columbus. Pennsylvania train No. 390, eastbound, due in Newark at 9:40 p. m., detoured over the C. A. & C. to Mt. Vernon, and over the B. & O. to Newark.

A train was made up soon after the wreck in the afternoon and the passengers of No. 112, eastbound, due in Newark at 3:35 p. m., were transferred around the wreck. No. 112 left town two hours late. Local B. & O. officials arranged to have a street car meet eastbound train No. 108 at 8:20 last night, and transfer the mail and 60 passengers to another train which was made up at the B. & O. depot.

Both the east and the westbound tracks were cleared and in working order at 11:30 o'clock this morning.

Crayton to Devote All His Time to Florida Property

Columbus, O., Aug. 7.—Changes, involving the transfer of over a million dollars in real estate and money, were completed Saturday by Charles F. Johnson and Edward W. Crayton, real estate men, who until recently have been joint partners in a large number of real estate development companies.

The changes were made to leave Mr. Crayton free to develop a 10,000 acre tract at Naples, Fla., in which both men are heavily interested. Mr. Johnson will retain his interest in this company.

All of the interests of Mr. Crayton in the Beechwood Realty Co., owners of "Beewood," located north of Columbus on High street, have been purchased by Mr. Johnson. This was formerly known as the Jeffrey estate. Both men will continue joint owners in the Garrett farm, which lies south of "Beewood."

The Crayton-Johnson Realty Co., owners of Highland Gardens and Dominion Heights No. 2, North High street, has been sold out and the assets divided. Mr. Johnson has organized a new company, capitalized at \$50,000, which has taken over his interests in this company. It will be known as the New Columbus Land Co.

There will be no change in the ownership in the Dominion Land Co. at the present time.

New Warship is Ready For Duty; Will Make Cruise

(Associated Press Telegram)

New York, Aug. 7.—The new super-dreadnaught, Oklahoma, will join the Atlantic fleet at Newport, R. I., today. She left here yesterday to take her place with the other big warships of the first division. It is expected she will be given a cruise of about three weeks to give her company of 1,000 officers and men a chance to become acquainted with her. The Oklahoma has been here for a few months completing her equipment. Two three-inch anti-aircraft guns were added to her equipment just before she left here. It is said that she is the first vessel of the United States navy to be so equipped.

The World War a Year Ago Today—Aug. 7.

Germany captured Ivangorod, on the Vistula river, above Warsaw. This blow severed a railroad on the Russian line of retreat.

The Germans occupied Serock, at the confluence of the rivers Bug and the Narew, on the flanks of the Russian army retreating eastward from Warsaw. North of Serock the Germans were within six miles of the railroad from Warsaw to Petrograd.

Allies occupied portion of Sari Bahr crest and Turks landed above Bulair lines. Gallipoli.

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y. — "For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not get straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said I knew nothing would help me but I will try this. I found myself improving from the very first bottle and in two weeks I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and do not have the operation." — Mrs. JOHN A. KOENIG, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were avoided, and how good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. confidential, Lynn, Mass.

KIDDIES WILL ENJOY FEAST OF WATERMELON

Children desiring to participate in the big picnic on Thursday, Aug. 17, should call on their good friend, Probation Officer John Dwyer, who can be found at his office in the courthouse. He will accommodate the first three hundred who call, so hurry up and be one of the first.

The E. H. Everett Company has notified Mr. T. Lewis, chairman of the children's picnic committee, that it wishes to furnish 30 fine, large juicy watermelons for the kids when they hold their outing at the lake, and the kind offer was immediately accepted.

Harvey O. Crammer of the firm of Welant & Crammer, North Third street, has agreed to furnish all the cakes for the picnic. That means that there will be a treat in store for the little ones because the Welant & Crammer cakes have a reputation for excellency that cannot be excelled.

All members of the Newark Auto club and others who contribute cars to haul the youngsters to the lake, are requested to report promptly at 8:30 o'clock in North Park Place on Thursday morning, Aug. 17. The start will be made from the room of the auto club.

Cash contributions to date for the kids' picnic are as follows:

The game of life carries with it knocks and bruises, both mental and physical. Can your body stand the strain, can it stand the rush and worry, can it go on day after day serving your will, without sometime or other and at some unforeseen moment giving way entirely? That's the serious question you must ask yourself. Resist the strain, the rush and the worry by having a greater physical endurance, steadier nerves and stronger constitutions. Take the Tonic of Tono-Nerve. In it you will find health, vitality, vigor and vim. It will improve your appetite and aid digestion. It tones your shattered nerves and makes them as strong as iron. It is a real beneficial tonic medicine that aids every organ of the body to more properly perform its functions. If you are on the run with business worries or household cares, you will find in this valuable remedy the relief you require. Tono-Nerve is the great producer of health. It contains no alcohol thereby giving you no false stimulation but a lasting one.

The City Drug Store has taken the agency for Tono-Nerve and will refund your money if Tono-Nerve fails to help you.

CANCER CLAIMS PROMINENT LAWYER OF COLUMBUS.

Columbus, Aug. 7.—John C. L. Pugh, one of the best known attorneys in Columbus, died early yesterday at his home, 1797 West First avenue, Grandview. Cancer caused his death.

Mr. Pugh was 60 years of age. He was born in Columbus, August 23, 1855, and passed his life here. After graduating from Princeton in 1876, he studied law and practiced law in the firm of Pugh, Pugh & Pugh.

Mr. Pugh was elected to the legislature in 1898, serving as senator in the Sixty-third General Assembly.

During the latter part of his life Mr. Pugh took an active interest in the Odd Fellows' lodge, holding a number of high offices. He was also captain in the old Fourteenth regiment, Ohio National Guard, and was one of the charter members of the old "Governor's Guard."

Funeral services will be held Wednesday afternoon at 2 o'clock.

PIZARO TALKS OF NEWARK

Thousands attend concerts nightly to see and hear this man. Will remain all this week. Free concerts and demonstrations on vacant lot, corner Fifth and Canal streets.

Office of Pizaro's Medicine Expert at the Sherwood Hotel crowded daily with people from all parts of the city and surrounding country, who come to consult this master expert.

Evans' Drug Store is selling large quantities of Pizaro's California Cactus Juice, the master medicine.

In the homes, shops, factories, on the streets and everywhere—you hear that magic word "Pizaro," sometimes called the California Cactus Juice man. Everybody is talking about Pizaro and his wonderful remedies which has created more talk and excitement than any man who ever came to the beautiful city of Newark.

The people are crowding the office at the Sherwood daily to consult these medical experts and some come to thank Pizaro personally for what Cactus Juice has done for them. In speaking, Pizaro said, "I will remain in Newark all this week, regardless—so all the people will have a chance to consult my Doctor. I would stay longer but I will have to return to Dayton, where I was for 2 months before coming to Newark."

Newark People Benefited.

Man Deaf 15 Years.

Mr. W. A. Keeran, living at 24 Pataskala street, stated he was totally deaf in right ear for 15 years. One of Pizaro's preparations was applied and in less than 5 minutes Mr. Keeran stated to the public that he was relieved so much that he was able to hear a common conversation.

Paralyzed Man.

The most remarkable statement made was from Mr. Gus Reader, troubled with partial facial paralysis. "I feel much better," exclaimed Mr. Reader, "after one application of Pizaro's preparation. See I can move my lips and feel like new life."

Pizaro's medical expert will receive a few callers at his parlors in the Sherwood Hotel. Hours 9 to 12 mornings; 1 to 4, afternoons; open evenings 7 to 9.

Pizaro's California Cactus Juice Compound can be secured from your local druggist. This medicine cleanses the system thoroughly. It tones up and invigorates the whole system.—Adv.

VOTE FOR B. G. SMYTHE FOR PROBATE JUDGE

B. G. SMYTHE.

He is a friend to the poor man, and to mothers and their little children, and should be elected to the office of Probate Judge and Juvenile Judge he will give them a square deal.

He is not a repeater.

He never held a county office.

He is opposed to a county official succeeding himself in office the third time, and should be elected he will not burden and embarrass his party by asking the voters to violate political usages and customs for his benefit.

He does not believe in the claim which is made by some men that they are ENTITLED to the offices.

A county office does not belong to any man. The offices belong to the people.

The office of Probate Judge necessarily should be held by a lawyer, and Mr. Smythe has had longer experience in the practice of the law than any lawyer in Licking county.

Amusements

Alhambra, Tonight and Tomorrow.

When "Under Cover" was presented to the public at the Curt Theatre, it was a foregone conclusion that it would be one of the greatest successes of the season, because it had two great essential elements—swift action and something distinctly unusual as its main plot. For these same two reasons it was an equally foregone conclusion, when the Famous Players Film company determined to make an adaptation of the new celebrated play, by Roi Cooper Mervin for the Paramount Program, that it would be an overwhelming success. And when Hazel Dawn and Gwen Monro were chosen to head the cast of this distinctive production as their first co-starring vehicle, the fact that something extraordinary, even for the Famous Players, was to be produced became more than ever apparent.

John W. Vogel's Big Minstrels.

Beautiful, flowery Japan, with its wonderful color schemes, gold, silver and tinsel, is profusely illustrated in the stage settings used in "Madland," an operatic minstrel comedy, which comes to the Auditorium, Saturday afternoon and evening. The offering is a novelty because of its absolute newness of idea and construction, containing a bit of two from every form of stage presentation, opera, farce and minstrelsy predominate. The fact that a girl chorus of twenty is carried will be welcome news to the followers of a minstrel show, while John W. Vogel's Minstrels has ever been guaranteed to pack a theatre, many local goers want to see and hear the girls, they of trim forms and beautiful voices together with their ability to cavort, pirouette and dance, and Mr. Vogel claims to have the best singing-dancing chorus ever seen in a play house. Seats will be ready Thursday, 10 a. m.

Gloria's Romance.

Chapters in which Billie Burke as Gloria stars, is the attraction at the Auditorium theatre today and Tuesday and shows that Froneau, her fiancé, had been murdered, she yearned again and again for the engagement ring which her father had at last induced her to discard.

The Scarlet Woman.

"The Scarlet Woman," a five part Metro wonderplay with Mme Petrova in the stellar role, will be the attraction at the Auditorium today and tomorrow. In this sensational feature, Mme. Petrova, famous for her brilliant interpretation of difficult emotional roles, is seen at her best.

"The Scarlet Woman" was written especially for Mme. Petrova by Aaron Hoffman, the author of all her latest successes. The feature was directed by Edward Lawrence, and no expense was spared to make it an artistic and complete success in every particular. There are scores of big scenes, including many interesting situations photographed in a famous Broadway hotel. More than one hundred persons appear in these scenes, which are absolutely true to New York city life.

In making the restaurant scenes Mme. Petrova had a narrow escape from serious injury, and there are several thrilling chapters of the story that do not appear on the screen. It was planned to have Mme. Petrova make friends with the animal—or rather, thought she did—before she brought him into the scene. But when she started down the steps, the leopard evidently became frightened at the noisy crowd and balked. Mme. Petrova jerked on the chain and the animal leaped upon her. In a moment the studio was in a panic. Mme Petrova, who is absolutely fearless, fought off the infuriated animal alone, and escaped with a few slight scratches, but her gown was ruined.
